

Teen Leadership Programs

Leaders in Training and Junior Leaders

Our leadership groups are split up into two groups- Junior Leaders and Leaders in Training (L.I.T). The LIT program will serve as a stepping stone to Junior Leaders. Both groups will help the girls to develop the leaders within themselves and will allow them to take an active role in Girls Inc. and in the community. They will also learn the importance of advocacy and social justice through many different opportunities. Girls will participate in weekly meetings that will focus on developing communication and leadership skills, team building activities, and life skills and pressures they may be facing in everyday life situations such as drugs, alcohol, sex, violence and other emotional topics at an age appropriate level. Girls in both groups will be asked to volunteer for various community and Girls Inc. events throughout the school year, depending on the ongoing COVID crisis. To attend the special end of the year trip, girls must have completed a minimum of 30 volunteer hours.
